Road Construction

Morton Avenue

Morton Avenue in Jacksonville – The Illinois Department of Transportation announces that road resurfacing will begin on Wednesday September 28, 2016, weather permitting. This work will require lane closures. During the resurfacing of the center lanes, motorists should enter and exit adjoining properties with right turns only.

The project includes resurfacing, bridge repairs, sidewalk improvements, and traffic signal modernizations on IL 104(Morton Avenue) from 0.1 miles east of Mound Road to 0.2 miles east of Hardin Avenue in Jacksonville. It is anticipated that the project will be completed in the fall of 2017.

The contractor on this \$10.5 million project is Illinois Valley Paving of Springfield, Illinois.

Please slow down and use extreme caution while driving through all work zones.
